Be ready when a customer is interested.

A customer may be ready before your team can reply.

01

They search.

They want to know what you offer, where you are and when you open.

Make the essentials easy to find.

02

They decide.

A message may wait. A call may be missed while your team is serving someone.

Let your website answer the basics.

03

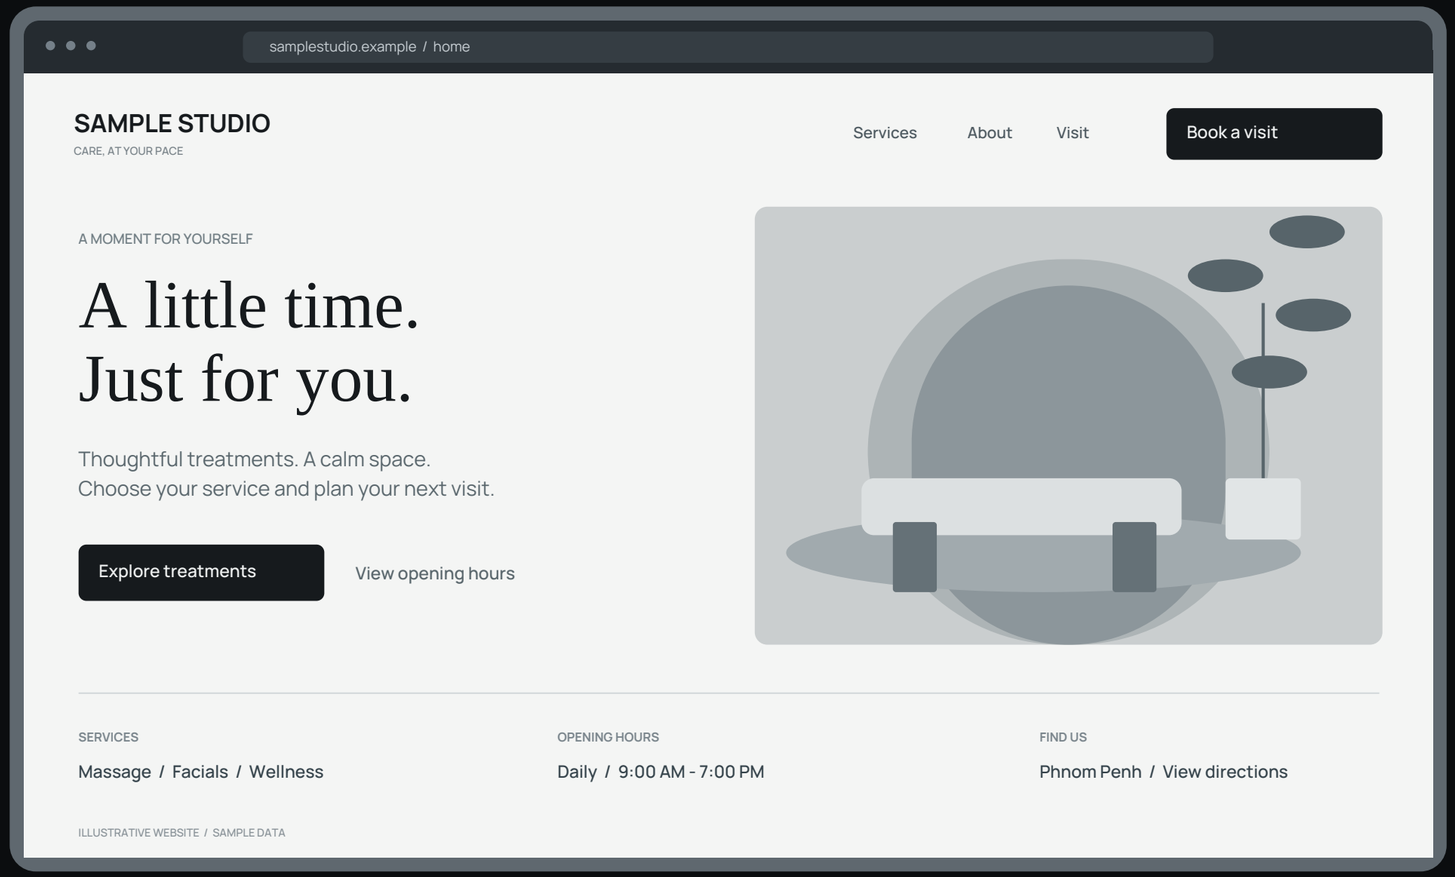

They take action.

They want a clear next step: contact you, send an enquiry or book a visit.

Give them a direct way forward.

a service near them

Useful website pages

Your services, opening hours, location and booking link give visitors a practical next step.

DISCOVERY ILLUSTRATION / NOT A LIVE SEARCH RESULT

1 Build for discoverability

Clear, useful public pages can be found and indexed by Google Search.

2 Connect your channels

Use your website alongside Facebook, Telegram and phone calls.

3 Point customers to the right page

Eligible Google Business Profiles can include relevant action links.

Search visibility and rankings are not guaranteed. Business Profile options depend on eligibility.
